1ST TIME IN HISTORY FOR SUCH A MASS UNCOVERING OF OCCULT KNOWLEDGE

...from...

THE CONSCIOUSNESS OF A MAN WHO LIVED 500,000 YEARS AGO

I have listened to these tapes for several months; there is information I don't have in any other book or record in the world.
N.N. Cleveland

All the tapes are of great interest, and when I say at 3 dinner parties the guests have listened spellbound to them, I am putting it literally.
D.W.J. St. Petersburg, Fla. 12-8-70

CALIFORNIA
I have simply great and wonderful equipment to make such a good time I did have
Carlton, Tex. 1-5-71

I have been an avid and devoted student of Metaphysics and the Occult for some time. I have found the tapes to re-enforce and consistently reaffirm what I have learned as a result of my studies. I cannot put into words my gratitude for the work you are doing.
R.A.J., MD 10-31-70

You success in your desire to help and provide the most enlightening material of the world.

THE SCIENCE OF THE OCCULT

MYSTIC MAGAZINE

February 1955

San Diego Medium Mark Probert In Trance

These seances, recorded on tape while MARK PROBERT is in trance, are transcribed just as spoken. Unfortunately the printed word cannot carry the "dramatic" impact of the recorded tape, which is awesome and thrilling.

I asked myself many, many, many questions that there were no answers to. How have I proven me to be incorrect or I am most happy or highly elated that I am in more ways than one.
N.N. Cleveland 5-25-70

Scientific, and should be taken seriously.
Buffalo, N.Y. (Scientist)

Recordings are of such excellence that I intend, and will order one each month from your foundation. So hoping you continue to make new ones available.
D.W.J. St. Petersburg, Fla. 12-8-70

I wish I had known such things 30 yrs. ago; tho it is still not too late.
H.F.Y., Puerto Rico 5-3-71

The Mark Probert communications are the most important psychic communications in the world today.
E.B., NEW YORK

I fail to see any major research societies in the world that have the amazing light of psychic communications. The material is available. The material is available. The material is available. I hate to miss a word.
M.K. Chester, Calif. 6-22-70

WHAT WE ARE DOING

Mark Probert was born in Bayonne, New Jersey on February 5, 1907, and died in San Diego, California, February 22, 1969. From early childhood his psychic gifts were noted as remarkable. But only after his marriage did these latent forces within him really erupt. His wife, Irene, complained of his talking foreign languages in his sleep. After much ado and confusion with neurologists and psychiatrists, a friend by the name of Dr. Meade Layne sat him at a card table where the first of the 16 teachers communicated for 45 minutes. Over the years since 1945 Mark and Irene travelled extensively to reach all the people who clamored to hear these astonishing lectures. At every meeting tapes were made and so accumulated a fantastic library.

Ralph G. Warren, a dedicated psychic researcher from Palo Alto,

California was one of four persons who met once a week to listen to a library of about 200 of these tapes. "Often we were so caught up in a cosmogonic form that so brilliantly yoked science to philosophy that we staggered home at a late hour. But we did not care! What we were hearing was almost beyond belief in its perfection. In time the group of listeners grew and we changed our meeting place, the interest in the tapes and the impact of the philosophy became so evident and sincere that we marveled at the power.

"Then we began to feel selfish. Here was the honey and freedom of life; why not share it on a world-wide basis? Since all of us were rather busy people, it developed slowly. Finally the first ads were placed, the electronic recording apparatus assembled, and brochures and general

stationery printed. Still we are, as the 'old timer' said, 'just beginning to commence'. But our first orders have arrived and based on our incipient cautious efforts, we are certain the tapes will eventually have a world wide circulation."

The 16 teachers who lectured through Mark call themselves the "Inner Circle". They are led by a personality called E Yada di Shi'ite who lived 500,000 years ago in the Himalaya mountains in a civilization known as Yuga. The most frequent lecturers are Yada, Professor Alfred Luntz, 1812-1893; Ramon Natalli, 1598-1652; Lao-Tse, 550-600 B.C.; and the Maharaji Natcha Tramalaki, 1848-1915. Shortly after beginning his work, Mark was visited clairvoyantly by these teachers whom he painted in oils. He was a talented portrait painter.

BIOGRAPHICAL SKETCHES OF THE MEMBERS OF THE INNER CIRCLE

E YADA DI SHI'ITE

This personality was born in the city of Kaoti (City of Temples) in a civilization called Yuga (Vast Body), Yu. This civilization consisted of 180 million people and existed a half million years ago. It was located in the Himalayan Mountains. He was taken from his mother as a baby and raised in the temples, to become a Kaoti (Priest) and later High Priest or Yada. The word Kaoti means "Spirit Life": He was therefore one of the heads of a mystical order called "Shi'ite".

The "Yu" civilization had been founded by a man named Na Sep Ni Ha, meaning the seventh son of a family named "Ha". E Yada was killed in a violent earthquake that completely destroyed the civilization along with eighty million of its inhabitants. E Yada was about thirty-four when he died and the "Yu" civilization of a thousand and twenty-four when it died.

PROFESSOR ALFRED LUNTZ

This personality was born in 1812 and died in 1895. He was a clergyman for the High Episcopal Church in England. He was of English and German parentage and was born in North London. Graduated from the Eton School for Boys at the age of seventeen. He worked in his father's law firm in Hanover, Germany, until he was twenty. Attended Heidelberg where he took a course in philosophy and comparative religion, then on to Oxford where he received his Ph. D. in the Episcopal Theological Seminary and later served a donship. He was a devotee of Queen Victoria. He was not surprised when he died to discover that he had survived the grave, but stunned.

Other members of the Inner Circle, described in biographical sketches, on this sheet, are teachers that occasionally came through Mark Probert.

ARAKASHI

Less is known about this personality than any of the others of the Inner Circle. All that the Inner Circle can, or will, tell is that he was a guru or holy man and that he lived and died in the Punjab district of India. They suggest his days were numbered from 1398 to 1320. His teachings were "Buddhistic".

RAMOND NATALLI

This personality was born in 1598 and died in 1652. He was an astronomer and belonged to the Royal House of Astronomy in Rome, Italy. He was also a student of law. He was a close friend of the famous Galileo and secretly fought the bloody hand of the Inquisition. Ramond Natalli was an agnostic.

He continued to pursue the field of astronomy after passing into the astral. He was pleasantly surprised to discover he had survived the death of his physical body. He discovered two things of great interest after being in the astral world about two years - the first was that sun spots were atomic storms and the other was that

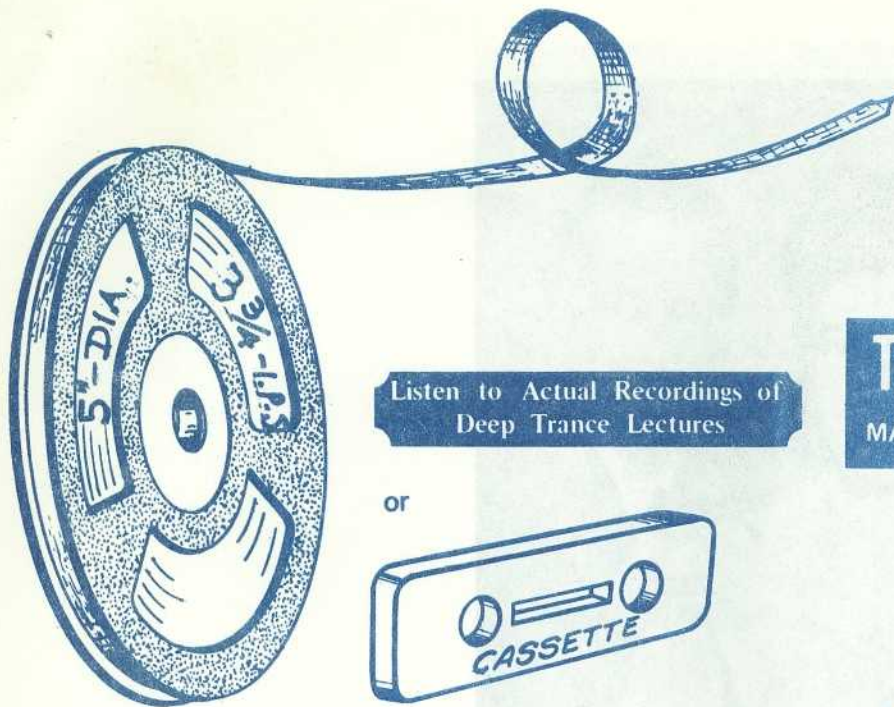

MAHARAJA NATCHA TRAMALAKI

The story concerning this man is that he was of an English mother and an Indian father. He was born in 1848 in Dacca, Bengal Province. His family was extremely wealthy and owned a large estate just outside of Bombay. His father desired that he become a medical man and sent him to medical college at Oxford. But he was by nature a poet and philosopher and so after receiving his final degree in medicine to please his father, he suddenly disappeared. The story is that he spent about ten years traveling in the remotest regions of the world and studying as many of the religious and philosophical beliefs of man as he could lay his hand to. In 1915 he finally came back to his home in Bombay where he died confessing he had found no answer to life that could give him peace of mind; that all questions simply posed more questions and that all answers were simply personal opinions that said nothing. He now says the only answer to life as a whole is to question nothing - just BE, facing all situations with as much detachment as one can muster.

LAO-TSE or LAO-TZU

This personality lived between 550-600 B. C. (b. 604 B. C. encyc.), in a town called K'uh sien. He belonged to a wealthy and educated family, and had no need to work for the Imperial Library, yet spent much time there poring over the books. He later became a roaming sage. Actually he did no writing at all, but his sayings were compiled by his disciples. Had a wife and seven children, and according to custom, several concubines. At about fifty years of age he abandoned his family and followers and was taken into the mystical school of the White Brotherhood. He died smiling happily at the age of eighty-two.

The teachings that came through Mark Probert delved into almost every branch of human thought.

A FEW EXAMPLES:

Flying saucers were verified as actual space beings, not coming from other planets but from the depths of space itself. They do not cross space, as we did in going to the moon, but emerge from it. The teachers say we will have to learn this emergence before we can safely bring a physical man back from Mars or Venus. Other life does not exist in our solar system but does exist outside, such as the Milky Way and beyond. The space people are the guardians of the earth and have infiltrated every major government. They are in supreme control. Because of great natural cataclysms that may erupt, they may have to take us off the earth and transplant us onto other planets. Tales are told of tunnels honeycombing the earth and of pyramids buried under tons of ice at the poles.

Religion, they say, is man's creation and is of the earth and the astral frequencies only. It is something we must grow out of and away from, as we come out and away from our hypnotic, conditioned spell of superstition. They see man as asleep and dreaming, caught up in the chemical fury of the matter world; a king of great power that has forgotten his royal blood.

They want to give mastery back to man, and

MARK AND IRENE PROBERT

WHAT WE ARE DOING

Mark Probert was born in Bayonne, New Jersey on February 5, 1907, and died in San Diego, California, February 22, 1969. From early childhood his psychic gifts were noted as remarkable. But only after his marriage did these latent forces within him really erupt. His wife, Irene, complained of his talking foreign languages in his sleep. After much ado and confusion with neurologists and psychiatrists, a friend by the name of Dr. Meade Layne sat him at a card table where the first of the 16 teachers communicated for 45 minutes. Over the years since 1945 Mark and Irene travelled extensively to reach all the people who clamored to hear these astonishing lectures. At every meeting tapes were made and so accumulated a fantastic library.

Ralph G. Warren, a dedicated psychic researcher from Palo Alto,

California was one of four persons who met once a week to listen to a library of about 200 of these tapes. "Often we were so caught up in a cosmogonic form that so brilliantly yoked science to philosophy that we staggered home at a late hour. But we did not care! What we were hearing was almost beyond belief in its perfection. In time the group of listeners grew and we changed our meeting place, the interest in the tapes and the impact of the philosophy became so evident and sincere that we marveled at the power.

"Then we began to feel selfish. Here was the honey and freedom of life; why not share it on a world-wide basis? Since all of us were rather busy people, it developed slowly. Finally the first ads were placed, the electronic recording apparatus assembled, and brochures and general

stationery printed. Still we are, as the 'old timer' said, 'just beginning to commence'. But our first orders have arrived and based on our incipient cautious efforts, we are certain the tapes will eventually have a world wide circulation."

The 16 teachers who lectured through Mark call themselves the "Inner Circle". They are led by a personality called E Yada di Shi'ite who lived 500,000 years ago in the Himalaya mountains in a civilization known as Yuga. The most frequent lecturers are Yada, Professor Alfred Luntz, 1812-1893; Ramon Natalli, 1598-1652; Lao-Tse, 550-600 B.C.; and the Maharaji Natcha Tramalaki, 1848-1915. Shortly after beginning his work, Mark was visited clairvoyantly by these teachers whom he painted in oils. He was a talented portrait painter.
