**ASSOCIATION OF THE LIGHT MORNING and THE FELLOWSHIP OF THE INNER LIGHT. THE SPIRITUAL DIMENSION OF MARRIAGE.** 48pp. Her75, 1.75p.

A series of channeled communications received over a period of a year and topically arranged according to the following general headings: *Preparation for Marriage, In the Marriage, and The Family Experience.* Practicality is emphasized.

**DARBY and JOAN. OUR UNSEEN GUEST.** 320pp. Bor20, 3.95p.

In the first decades of the twentieth century the psychic realm entered a new stage. Things were said from *the other side* not merely for the sake of comfort or assurance, or even ethical and religious instruction, but for realization of a universal truth that philosophers and scientists have been seeking to establish through the centuries. This truth postulates one—and only one—basic reality, a fundamental something from which everything stems. In *Our Unseen Guest* this long sought reality is isolated as consciousness—the *highest expression known to man of a single common denominator.* This book was widely read and was very influential. The material in Stewart Edward White's books and the Seth books by Jane Roberts continue this excellent teaching.

**DOUGLAS, NIK. THE BOOK OF MATAN—AUTOMATIC WRITING FROM THE BRINK OF ETERNITY.** 200pp. Spe77, 14.70c.

*The extraordinary writings here presented are in the form of a complete story. This tells of a young man's search for truth and illumination through a series of awesome mystical experiences which permeate his life. . . . This story was written in fifteen concentrated sessions over a period of forty days. . . . The story tells how Matan travels from place to place in search of peace, truth and inner illumination. He experiences strange happenings and visions, undergoing an inner transformation. There are a series of revelations which teach him how to live. . . . Matan communicates his experiences to others and creates several forest communities.*—from the introduction. Many color collages and illustrations of the original manuscript.

**FORD, ARTHUR. THE LIFE BEYOND DEATH.** Index, 224pp. Ber71, 1.50p.

Ford was one of the best known twentieth century trance mediums. In this book he reveals information on the quality, substance, and content of life on other planes of existence.

**HAMMOND, ALAN. A GIFT FROM THE MASTER.** 93pp. IWP78, 6.95p.

Color photographs taken on a pilgrimage to the East accompany thoughts on the way of Eckankar and quotations from the Eck masters.

**MATHERS, J.H. and LENORA HUETT. THE AMNESIA FACTOR.** Glossary, bibliography, index, 169pp. CeA75, 4.95p.

Lenora Huett is a gifted medium; J.H. Mathes, an airline pilot and UFO investigator who, through her, contacted his two guides. About two-thirds of the book consists of Mathes' experiences and related ideas and questions. The rest is composed of the guides' answers. Mathes had a prior interest in *The Urantia Book* and the *Seth* books, and quite a bit of the discussion relates to the kind of cosmological ideas found in them. In fact, there is specific information given by the guides about Seth. The title refers to the idea that when we come into this plane of existence we are given amnesia about our larger selves so that we will play the game and gain the most experience we can while on Earth.

**MONTGOMERY, RUTH. THE WORLD BEFORE.** 288pp. Faw76, 1.95p.

Arthur Ford and Ms. Montgomery's other spirit guides have dictated the story of creation and the lost worlds of Atlantis and Lemuria to her via automatic writing. This is a detailed account of much of the information she received.

**MONTGOMERY, RUTH. A WORLD BEYOND.** 176pp. Faw71, 1.50p.

Arthur Ford's own account of life in the next stages of existence beyond the portal that man calls death, transmitted through his friend, Ruth Montgomery.

**NADA-YOLANDA. ANGELS AND MAN.** 138pp. MAM74, 6.00c.

*The relationships and the responsibilities between the angelic and the man kingdoms are of great importance, yet are not understood by Earthman. Instead of divine truths, man here has been plied with man-made conceptions, descriptions, definitions and fallacies through writings and paintings. The purpose of this book is to present a true revelation of this subject. . . . The eleven discourses are the actual words of the seven archangels as channeled vocally through Nada-Yolanda. . . . The glossary contains explanations of 145 possibly unfamiliar terms.*

**NADA-YOLANDA. EVOLUTION OF MAN: SPIRITUAL-MENTAL PHYSICAL.** Glossary, 160pp. MAM71, 6.00c.

Presents material designed to help man understand his past experience with the Earth and the solar system and to see what lies ahead. Topics include *The Biblical Record, The Fall of Man, Sonship with God, Man's Bodily Environmental Relationships, Free Will, Soul, Good and Evil, Devolution and Re- evolution.*

**NADA-YOLANDA. HOW TO DO ALL THINGS—YOUR USE OF DIVINE POWER.** 144pp. MAM70, 5.00c.

A metaphysical textbook explaining methods whereby one can achieve spiritual understanding. Recommends reliance upon the inherent divine power and infinite spiritual resources to be found within each individual.

**NADA-YOLANDA. MARK AGE PERIOD AND PROGRAMS.** 350pp. MAM70, 10.00c.

This is the first Mark Age book, containing excerpts of the channeled communications. It provides a comprehensive coverage of the hierarchical plan and program as presented through Mark Age concerning the nature, powers, history and development of man and the plan to begin a new level of spiritual evolution. This is the basic text and includes a comprehensive glossary.

**NADA-YOLANDA. 1000 KEYS TO THE TRUTH.** Index, 157pp. MAM76, 5.00p.

*These one-sentence spiritual guidelines for the Latter Days and the Second Coming are based entirely on the interdimensional channelings of prophetic Nada-Yolanda of Mark Age, and are not in any way derived from the channelings or the teachings of any other person or group on Earth.*—from the introduction.

**NADA-YOLANDA. VISITORS FROM OTHER PLANETS.** 10.00c.

See the UFOs section.

**NEWBROUGH, JOHN. THE OAHSPÉ BIBLE.** Glossary, index, 8"x10", 921pp. Amh1892, 15.00c.

This book was supposedly transmitted to Newbrough by archangelic beings. The text concerns the 24,000 year history of the Earth as well as the occurrences in the spiritual world during the same period. It is written in biblical style English and includes photographic reprints of portraits of evolved spiritual beings.

**ROBERTS, JANE. ADVENTURES IN CONSCIOUSNESS.** Index, 296pp. PrH75, 3.45p.

*Aspect psychology. . . accepts as normal the existence of precognitive dreams, out-of-body experiences, revelatory information, alterations of consciousness, peak experiences, trance mediumship, and other psychological and psychic events. . . . I utilize different levels of awareness to examine the nature of the psyche and its reality. . . . I have also examined my own trance material, and from my side of consciousness scrutinized Seth's reality as it appears in my experience, and in his behavior and writings. This is the fullest exploration Jane has made of her work with Seth and how this work has altered her psychological thought.*

**ROBERTS, JANE. THE EDUCATION OF OVERSOUL SEVEN.** 226pp. S&S73/Cov, 1.95p.

*With The Education of Oversoul Seven, Jane Roberts brings us a great bright and sad funny dream, set before waking in ink and paper. We have a strange feeling, as Seven learns, that it is us learning too—that it is us flickering back and forth across centuries discovering what Now is; in and out of bodies discovering who we've been all along, as though we've somehow done this before, and forgotten. In the adventures of Seven and in the dream of this book it's almost as if, for a long happy moment, we can remember.*—Richard Bach.

**ROBERTS, JANE. THE NATURE OF PERSONAL REALITY.** 523pp. PrH75, 8.95c/5.95p/2.75p.

*Seth's main idea is that we create our personal reality through our conscious beliefs about ourselves, others, and the world. Following this is the concept that the "point of power" is in the present, not in the past of this life or any other. He stresses the individual's capacity for conscious action, and provides excellent exercises designed to show each person how to apply these theories to any life situation.*—from the introduction. This is the second book Seth has written by himself, and, as you can see from the quotation above, he brings many of the theoretical concepts presented in *Seth Speaks* down to the practical level. As usual, he speaks clearly and to the point.

ROBERTS, JANE. **PSYCHIC POLITICS**. Index, 376pp. PrH76, 8.95c. An informal presentation of more of Jane's insights and advice. She delves into the psyche and into the ways in which we can get in touch with our inner beings. Many case studies and transcriptions of conversations are included. The book is not by Seth; however, Seth contributes many of the insights and is the inspiration for the whole study.

■ ROBERTS, JANE. **THE SETH MATERIAL**. 304pp. PrH70, 8.95c/3.95p/2.25p.

This is a result of the combined work of medium Jane Roberts and her cooperation with an out-of-body teacher named Seth. The philosophy presented is profound and yet easily understandable. It was selected as the best of a continuous presentation of material on dreams, health, reincarnation, astral projection and man's subconscious and his relation with his creator. Included are pictures of the author during her sessions and discussion of efforts to establish that Seth was indeed a separate entity and not part of Roberts' subconscious. One of the best introductions to the entire field that we know.

■ ROBERTS, JANE. **SETH SPEAKS**. 505pp. PrH72, 7.95c/5.95p/2.50p. In this century there have been many presentations of ultimate truth through revelation. This we believe is the best. It was dictated by Seth in the form of a book over a period of two years and required virtually no editing. If you are just getting into this field and want to hear the case for Seth, read *Seth Material* first. If you are ready to get into the real teaching, start here. Topics include reincarnation, how thoughts form matter, the soul and the nature of its consciousness, death experiences and after death experiences, the multidimensional God, probable systems, men and gods, alternate presents and multiple focus, the meaning of religion, and much else. Highly recommended.

ROBERTS, JANE. **THE UNKNOWN REALITY: VOLUME ONE OF A SETH BOOK**. Index, 296pp. PrH77, 8.95c.

According to Seth each of us lives a series of infinitely expanded lives in which all possible choices are fully explored. Yet of all those probabilities, we normally focus on only one that we consider real. It is the enormous storehouse of roads not taken that Seth discusses in this book and that he calls the unknown reality. As he says, *The individual self must become aware of far more reality; it must allow its identity to expand to include previously unconscious knowledge. Your species is in a time of change—you are now poised on a threshold from which the race can go many ways. Potentials within the body's mechanisms, not as yet used, can immeasurably enrich the race and bring it to levels of spiritual, psychic, and physical fulfillment. But if some changes are not made, the race will not endure. . . . I am suggesting ways in which the unknown reality can become a known one.* Jane's husband, Robert Butts, contributes extensive notes, providing additional background on Seth's discussion of their personal lives as well as parallels and cross references to earlier works.

ROBERTS, JANE. **THE WORLD VIEW OF PAUL CEZANNE: A PSYCHIC INTERPRETATION**. Index, 264pp. PrH77, 7.95c.

Almost anyone will tell you that Paul Cezanne's thoughts died with his body, and that with the brain's crumbling, his thoughts and dreams disintegrated. But his *World View*, composed of his thoughts and feelings, still exists. Cezanne's thoughts are as alive as ever, his psychological picture of the world as brilliant and vivid as ever. It exists as surely in the psychological environment as his pictures do in physical reality. In a manner of speaking, this *World View* has been impressed on Jane Roberts' mind.—from the introduction by Seth. The selections in this volume focus on creativity and on Cezanne's particular vision and practical techniques.

SOLOMON, PAUL. **EXCERPTS FROM THE PAUL SOLOMON TAPES**. 149pp. Her74, 6.00c.

Virginia Beach, last home of Edgar Cayce, seems to spawn similar types of psychic activity. Paul Solomon (not his real name) appeared on the psychic scene in 1972 and now has his own Fellowship of the Inner Light and gives readings on healings, past lives, and predictions. This book has information on Atlantis and Lemuria, diet and health, sex, healing, spiritual growth, and world prophecy. Solomon sounds a lot like Edgar Cayce in this book, including his convoluted style which makes for difficult reading. The book, *Season of Changes*, is also believed to be by Paul Solomon.

STANFORD, RAY. **CREATION**. 36pp. AUM66, 2.00p.

A study of the origins of man and his prehistory as explained through the unconscious mind of Ray Stanford.

X STANFORD, RAY. **FATIMA PROPHECY**. 194pp. AUM72, 7.95c. Apparitions of the *Mother of Jesus* have been recorded throughout history. The message of modern Marian apparitions seems to have become focused on certain urgent matters, both spiritual and humanistic. The purpose of this book is to present accurate accounts of the more impressive, recent apparitions and offer an interpretation of their message and meaning. Most of the text was given in the form of psychic readings through Stanford's unconscious mind. Includes a glossary and photographs of some of the apparitions.

● STANFORD, RAY. **SPEAK, SHINING STRANGER**. 252pp. AUM75, 8.95c.

An extensive selection of readings given through Ray Stanford, one of the most noted present day mediums and the main force behind the Association for the Understanding of Man. The readings discuss healing, meditation, marriage, death, the nature and proper function of psychic communications, and much else. Stanford provides an introduction.

STANFORD, RAY. **THE SPIRIT UNTO THE CHURCHES**. 8¼"x11", 223pp. AUM77, 8.50p.

Transcription of a series of readings given through Stanford, a well known psychic. These readings deal with the physical, mental, and spiritual aspects of the human endocrine glands and their supraphysical counterparts, which yogis referred to in ancient times as "chakras" (Sanskrit for "wheels").—from the foreword. Each of the glands is discussed in a separate chapter. This new edition includes a chapter, written by Stanford, on the application of the information given in the readings. There is also a correlation chart of the seven centers.

STEIGER, BRAD, ed. **WORDS FROM THE SOURCE**. Index, 168pp. PrH75, 7.95c.

Over the years Louis has delivered readings on a great variety of subjects while in a trance state. The readings come from an entity which calls itself the Source. Steiger has selected the most significant of this trance material and has arranged it topically. The information presented contains a wealth of insights and every conceivable area is covered at some length. The Source relates his material very clearly and he can best be compared to Seth in terms of both his information and his style.

TWITCHELL, PAUL ANITYA. 89pp. IWP69, 6.95c.

Twitchell referred to himself as an *Eck Master* and described Eckankar as the science of soul travel or the ability to lift one's consciousness to higher dimensions or planes where one may realize the divine consciousness of his soul. Eckankar means co-worker with God and supplies many answers to the deeper questions of human life and the possibility for direct experience of spiritual truth. This book is a handwritten, illustrated compilation of Twitchell's writings, designed especially for contemplation. Topics include love, truth, God, light, sound, soul, and Eck spirit.

TWITCHELL, PAUL. **COINS OF GOLD**. IWP39, 7.95c. A collection of mystical poems.

● TWITCHELL, PAUL. **DIALOGUES WITH THE MASTER**. 256pp. IWP70, 2.95p.

A series of spiritual discourses dictated to Twitchell by Rebazar Tarzs, an ageless emissary for Eckankar. They give advanced training in the secret science of Eckankar.

## Urantia

The *Urantia Book* is a massive, anonymous, recent document which details the story of the universe and galaxy the history of Urantia (the Earth), and the life and teachings of Jesus. It is the most comprehensive account of the universe and the cosmic plan imaginable.

**BEDDELL, CLYDE. CONCORDEX OF THE URANTIA BOOK. 439pp. Bed74, 12.00c.**

This volume should be immensely helpful to all those seriously studying the *Urantia Book*.

**SADLER, WILLIAM. APPENDICES TO A STUDY OF THE MASTER UNIVERSE. 372pp. SSF75, 20.15c.**

These Appendices expand on the information presented in Sadler's earlier work.

**SADLER, WILLIAM. A STUDY OF THE MASTER UNIVERSE. 150pp. SSF68, 12.00c.**

**URANTIA FOUNDATION. URANTIA. 7 1/4" x 10 1/4", 2,097pp. UrB5, 26.00c.**

This is the basic—and only—document on Urantia. We know some people (a few) who have read it several times and say that it contains the wisdom of the ages. If you have a lot of time for concentrated study—and good eyes!—read it and find out.

### END OF URANTIA SUBSECTION

**WHITE, STEWART EDWARD. THE BETTY BOOK, 302pp. Dut36, PsP, 3.50p.**

This book is the record, condensed, of the excursions of Betty, a psychic intimate known to me and of absolute integrity, into the world of other-consciousness—and communications received by her from forces which I have ventured to call the invisible. These excursions, made in a condition of trance or otherwise, began in the year 1921 and have continued ever since. They are recorded in the following pages with no idea adding to the existing literature of automatic writing and kindred phenomena; but with the belief that, as embodying a workable philosophy of life, they may be of aid to seekers after spiritual life.—S.E. White.

## REVEALED TEACHINGS/WHITE-WHITE EAGLE

**WHITE, STEWART EDWARD. THE GAELIC MANUSCRIPTS.** Spiral bound, 8½"x11", 154pp. PaP74, 11.20p.

The material in this volume was collected by White just before his death and the manuscript was privately printed. White himself seems to have been the channel through which the material was given. The book needs editing, but the basic material is often quite enlightening and it is more sophisticated than most received communications. Many advanced ideas are presented and the whole work seems designed to resolve long standing questions such as man's relation to the cosmos, the meaning of conflict and of pleasure and pain, the purpose of existence, the pitfalls on the spiritual path, and much else.

■ **WHITE, STEWART EDWARD. THE UNOBSTRUCTED UNIVERSE.** 320pp. Dut40, 2.95p.

The communication presented here was channeled to White by his wife Betty six months or so after her death. We feel that it presents the best report on what it is like on the other side that we know of. The presentation is straightforward and is not embellished. Forty actual conversations are reproduced, along with White's running commentary. This is truly a classic and we recommend it highly to all those who seek a deeper understanding of the ultimate meaning of it all. White's work was a forerunner of the material that Seth presents and those who find Seth enlightening will also appreciate Betty's teaching. Betty's transmission is especially clear since she had the experience of both receiving and transmitting communications.

■ **WHITE EAGLE. THE GENTLE BROTHER.** 69pp. WET68, 2.25c.

White Eagle is a member of the White Brotherhood—a group which has been transmitting from century to century the inner truths which have been revealed to man. He has been speaking through the mediumship of Grace Cooke for nearly fifty years. His presentations are always clear and to the point and his writings are very popular—especially in England—and are inspirationally-oriented. This book is a collection of short extracts to be used for daily guidance in living the spiritual life.

**WHITE EAGLE. GOLDEN HARVEST.** 62pp. WET58, 2.25c.  
Guidance for the aspirant as s/he treads the spiritual path, and passes through the tests along the way.

**WHITE EAGLE. MORNING LIGHT—ON THE SPIRITUAL PATHS.** 62pp. WET57, 2.25c.

This book was one of the first that White Eagle transmitted. It sets forth the reason for life on Earth and tells how man descended from higher realms into the confined life of incarnation on Earth to obtain various experiences and to achieve, in the end, enlightenment.

**WHITE EAGLE. THE PATH OF THE SOUL.** WET59, 2.75c.

White Eagle discusses the great initiations of every soul on its journey toward perfection, as exemplified in the life of Jesus.

**WHITE EAGLE. THE QUIET MIND.** 100pp. WET72, 2.25c.

A small pocket book of White Eagle's sayings.

**WHITE EAGLE. SPIRITUAL UNFOLDMENT, I.** Index, 143pp. WET61, 2.75c.

White Eagle's practical advice and guidance on how to develop psychic and spiritual gifts, including healing.

**WHITE EAGLE. SPIRITUAL UNFOLDMENT, II.** Index, 109pp. WET69, 2.75c.

Discourses on the nature and work of man's unseen companions in the fairy and angelic kingdoms, and how man can train himself to see and cooperate with them.

**WHITE EAGLE. SUNRISE.** 62pp. WET58, 2.25c.

White Eagle discourses on how man, while on Earth, can build a bridge between the two worlds so that death cannot separate him from those he loves.

**WHITE EAGLE. WISDOM FROM WHITE EAGLE.** Index, 99pp. WET67, 2.75c.

A collection of talks to students, with practical advice on spiritual matters, meditation, and life in the world today.

The other two books of the famous Trilogy by  
**ROBERT JAMES LEES**

**THROUGH THE MISTS**  
The first of the series

Scarcely any book purporting to be a communication from the Other Side has achieved such lasting popularity. This work is a narrative of singular charm and fascination, and grips the reader from start to finish by its fine imaginative and descriptive power, and its strong sympathetic appeal. It has well been described as "an occult story of absorbing interest."

**THE GATE OF HEAVEN**  
The last of the series

This book records the progress of APHRAAR through the region of purgatory to the Gateway of the Second Birth. It will be seen that according to the teaching received by Robert James Lees, spiritual progress is by no means confined to the period of terrestrial incarnation.

It is now more than fifty-five years since **ROBERT JAMES LEES** sent forth **THROUGH THE MISTS** upon its mission. Seven years later this was followed by **THE LIFE ELYSIAN**.

**THE LIFE ELYSIAN**  
By **ROBERT JAMES LEES**

The fifteenth impression of this remarkable sequel continues the narrative of APHRAAR and embraces the period he spent in the company of his mother, in the first embrace of whom, he says "I tasted something of the sweetness to be found in the compensation heaven bestows on those whose happiness has been deferred."

## WHAT EVERYBODY OUGHT TO KNOW ABOUT HEAVEN

There is no single topic concerning which there is more misconception than the Hereafter. The general public is not aware of the intensive investigative work done in the past hundred years, nor the combined knowledge which has been obtained concerning the after-death life of man. Compiler Keith lists and analyzes 62 books, tells you where to get them, and briefs the contents of each. He also covers psychics, proofs, seers, occultists and mystics.

("Flying Saucer" Magazine, No 90, December 1975)  
**SO YOU'RE GOING TO HEAVEN?**

This is the second book in the trilogy written by Mr. Keith. We, as editors and publishers, have never seen so enlightening and comprehensive a survey of all the literature written on the subject, and we consider this book to be invaluable to anyone who believes in life after death and what it must be like. Some chapter headings: Travel Folder—Passport—Luggage—Transportation—Transition—Ports Of Entry—The Solidity Of Heaven—Locomotion—Clothing—Body—Time—Nourishment—Family and Social Life—Work and Play—Government—Flowers, Fruits and Trees—Scenery—Pets In Heaven—The Waters Of Heaven—Houses and Also Mansions—An Administrative Palace—The Cities Of Heaven—Instruction—Art Galleries—Music—Fabrics—Libraries—Science—Children—Spirit Helpers—Worship—Boundaries—A Visit To An Upper Realm—Planes—A Visit To The Lower Regions—Lower Planes—In Space, But Where?—Place Or State, Which?—Look Us Up Some Time—References.

## HOW I FOUND OUT ABOUT HEAVEN

This is the book that sums up all the research of a lifetime. M.R. Keith was a Minneapolis lawyer whose practical mind led him to be meticulous in his search for the vaguely referred to realm called heaven. Did it really exist? he asked. Was there a way to find out? In his book, written just before he died, and published after his death, you will journey through nearly 70 years on a marvelous saga of curiosity-driven adventure toward a goal that becomes magnificently realized. Witness the titles of some of the 32 chapters in this beautifully written book: Doctrine And Still More Doctrine; I Witness A Foretold Crossing; A Student Of Yoga; I Discover Heaven; Arthur Conan Doyle; Raymond, Son Of Oliver Lodge; Plagues, Earthquakes And Opinions; Delegated Worship; The Managed Mind; The Lost Emphasis; Standardized Prayers; Pagan Prayers; Man's Greatest Power. . . Said Mr. Keith: "I sincerely believe every word that I have written. In fact, I am certain of it. This statement is not based on "faith" or "belief". It is grounded on data which I have gathered over a period of more than 50 years. I know that you will never cease to exist!"

The automatic transcription is by Edith Ellis, who writes: "This book — by the author of *Open the Door!* — is his vivid explanation of life as he says it is lived after death. It gives, for the first time, an explanation of the progress and the differing methods of incarnation; the Oriental and the Occidental way and the Modern Method. Also it sets forth, in simple but scientific terms, the process of the soul's emergence and adjustment to the Etheric plane. The book explains the work of the White Brotherhood, a secular order founded in 1920 and dedicated to World Peace and to caring for the victims of the World War after death. It contains a very clear picture of the way that mental creation in the ether takes place, which results in the various objects, architecture, etc. The chapters are filled with many human incidents that illustrate the system of life after death, even the inevitable humorous as well as the serious situations that occur. The views of the author are very timely. He, like all advanced minds on that plane, is thoroughly informed as to the events current in mortal life. He hopes for co-operation between the Etheric and Earth planes and prophesies an extension of our radio system to the point where inter-plane communication will be established and no longer dependent upon the glandular radio-activity of 'mediums,' with the inevitable congestion of so many unimportant communications. A Plea from the Masters is for co-operation in keeping the world at peace as well as in the

progress of the race. The author is himself a Master, one who through over a century and a half of experience and study in the realm of the ether and in the Science of Life has attained to that degree."

EDITH ELLIS has an honorable record in the theatre as actress, dramatist, and director, extending over many years. Her clairaudience developed first in 1919, became insistent and frequent after she went to Hollywood in 1930, and finally led her, in 1933 to devote herself entirely to the work of transcribing the words of Wilfred Brandon. However in 1943, after his association with Washington in caring for the Souls of our war dead began, Brandon brought our great Founder to her and since then she has worked with him on his World Commentaries and his Autobiography with its corrections of the errors made by historians writing too long after the events as well as the "Cherry Tree" school of biographers. Edith Ellis has also, since mid-1946, done some transcribing for Franklin including the work he did with the Fox family and the first "rappings."

The present book of Brandon's answers such questions as: What becomes of us after this life? Do we continue to exist and if so what sort of existence is it? Where do we go? How do we employ ourselves? Do we come back again?

Two Great, Fascinating Books by Wilfred Brandon

Transcribed By Edith Ellis

## OPEN THE DOOR!

*This Remarkable, Straightforward Book Removes The Veil of Mystery from "Death"*

This is the second of the books dictated by Wilfred Brandon from the Etheric Plane through the hand of clairaudient Edith Ellis. It gives for the first time in clear, simple language, a vivid picture of the Science of Life and its manifestations on the Etheric Plane. It clarifies for the reader the Mystery of "death," which is but a rebirth on a higher plane, and traces the progress of the Soul through the different stages of development after it leaves the fleshly body on the Earth Plane.

OPEN THE DOOR! tells us what sort of life the inhabitants of the Etheric Plane lead. It answers such questions as: What are their occupations, amusements, and hobbies? Do former friends and relatives of the Earthly Plane meet again on the Etheric Plane? Do marriages take place there? How do those on the Etheric Plane communicate with those on the Earthly Plane? What is the best possible preparation for the new life after death?

"Wilfred Brandon portrays it all in earnest, simple, straightforward language that makes no attempt to thrill or be emotionally impressive."—*New York Times*

## WE KNEW THESE MEN

*A Saner, More Tolerant World Rid of Wars Forever!*

This third work by Wilfred Brandon is colossal in its importance. It is a message to the world in the moment of its direst need. Once started, you will find it difficult to lay it down. Relating the experiences of a group of soldiers of the war whom he knew, Wilfred Brandon sends from the Etheric Plane a vital message to an America once again rearming for world conflict. He grips our attention as no other writer has done before as he tells us the experiences of these soldiers felled in combat who entered the Etheric Plane.

He learned to understand them as no mortal can, for he was able to know their thoughts as well as their spoken words. He got to know, too, the women the soldiers loved and who loved them before and after death. He reports the sorrow and heartbreaks these women endured. Wilfred Brandon sheds light on the hundred-and-one questions mortals are anxious to know about life on the Etheric Plane.

WE KNEW THESE MEN brings home to you the glorious truth that there is no death—that life goes on and on long after we shed our mortal shell.

"Wilfred Brandon must be recognized as the most logical and most intelligent of the many personalities that have been introduced as challenging attention from the Etheric Plane."—*Los Angeles Saturday Night*

## BIBLIOGRAFIA

La cantidad de libros y artículos que se ocupan de la inmortalidad o que se refieren directamente a ella alcanza a varios millares. Por ejemplo, más de 5.300 títulos están incluidos en la bibliografía sobre el tema de la inmortalidad, compilada en 1862 por Ezra Abbot, ex-bibliotecario de la Universidad de Harvard e impresa como apéndice a la obra *Critical History of the Doctrine of a Future Life* (Historia crítica de la doctrina de otra vida), de William R. Alger. Desde ese entonces los escritos relativos a la inmortalidad han aumentado rápidamente estimulados por las dos guerras mundiales y la moda del espiritismo. Yo mismo tengo una lista bibliográfica de más de 2.200 libros y artículos, la mayoría de ellos en inglés, y casi todos escritos después de la compilación de Abbot. También puede encontrarse abundante material en los diarios, sobre todo cuando transcriben los sermones y otros discursos religiosos. Estas fuentes no incluyen los numerosos artículos cuyos títulos se refieren a la inmortalidad, a la vida futura, a la resurrección, al alma, etcétera, comprendidos en obras tales como la *Encyclopaedia of Religion and Ethics* de Hasting, *The Catholic Encyclopaedia* y *Encyclopaedia Britannica*.

En la siguiente bibliografía sólo incluí los trabajos que se refieren en realidad a esta obra y algunos otros de especial interés o importancia. He hecho dos clasificaciones: 1) material que se ocupa principalmente de la idea de la inmortalidad, y 2) material que contiene importantes referencias a dicha idea o que arroja una luz indirecta sobre ella. Señalo, además, con un asterisco, los libros que considero más importantes y útiles.

McTaggart, John Mc Taggart Ellis, *Human Immortality an Pre-Existence*, Longmans, Green, 1915.
